To the: Honorable Judge Jantzen,

I recently became aware of a decision you will be making soon regarding the mailing in of election ballots.

I am extremely concerned about this and feel the need to offer my voice, mainly because I feel I am about to lose that voice, should the desires of the AZ Republican Party come to fruition. I have been a lifelong member of the Republican Party and voted in every election for over 40 years... until 2020... Also, for reference, I have voted by mail for every election since 1988.

I am appalled at what I see taking place as I watch our democracy and freedoms being systematically eliminated.

Please take into consideration the following situations...

1- Senior citizens and handicapped individuals may not be physically able to go to a polling location - mail in ballots are necessary

2- Health care workers and teachers may not be able to go to a polling location due to scheduling conflicts - mail in ballots aid in voting for these citizens

3- Arizona has a long standing history of mail in balloting since 1991

4- Arguments regarding the meaning of "secret ballot" are unfounded. The ballot is sealed on receipt of it and sealed when mailed. By filling it out in the comfort and security of a home or designated area, there is not an "Influential poll worker" watching every move or vote mark and even possibly intimidating a voter

5- There is an extremely low percentage of "voter/election fraud" with over 30 years of mail-in voting history here in Arizona

Judge Jantzen, I urge you to please consider the consequences for the electorate if you decide to disallow the personal choice of voting by mail.

Thank you for your attention to this matter,

Ann Tosh
